

# Wildflower Trail Scavenger Hunt - Late March - Early April Blooms

Look for these forest gems along the orange highlighted section of trail below (wildflower trail and the portion of the lake trail nearest the Jeep entrance).

Plants listed are in no particular order on the trail. Do not pick flowers or otherwise disturb plants.

- Mayapple (check back for blooms)

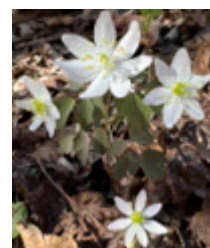

- Sweet white violet

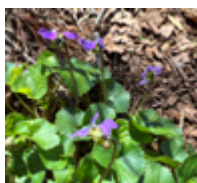

- Bloodroot (rare along this trail)

- Rue anemone

- Common blue violet

- Wild comfrey (check back for blooms)

- Starry (Giant) chickweed

- Carolina vetch (rare, look near the junction of wildflower and jeep trails)

- Azure bluet aka Quaker ladies

- Running club moss (and other names)

- Yellow root (check along the creekbanks)

- Halberd-leaved yellow violet
